

# A Night To Honor ISRAEL

Erick Stakelbeck is Director of Christians United for Israel's CUFI Watchman Project and host of "The Watchman" program on TBN. He has spent nearly two decades covering the Middle East and national security issues in-depth: traveling to the region, interviewing world leaders and wanted terrorists, and highlighting the shared threats to America and Israel.

A 2013 Jerusalem Post profile stated that, "Within Evangelical Christian circles, Stakelbeck is considered by many to be the leading authority" on the issues of national security and the Middle East.

In February 2016, Stakelbeck launched "The Watchman" show on TBN, joining the world's largest Christian television network with America's largest pro-Israel organization, CUFI, to produce a hard-hitting weekly, 30-minute newsmagazine focusing on Israel, America and the Middle East. The program airs every Thursday night at 11:30 pm EST on TBN and is seen worldwide.
